

SMITH™ PERFORMANCE SPRAYERS

GAME CHANGING PERFORMANCE

FLOIQ™ VARIABLE FLOW TECHNOLOGY
Patented technology provides customized performance per application.

VARIABLE FLOW from 0.1 - 0.6 GPM ~ 90PSI MAX

- Adjust flow rate for a broad range of applications & uses.
- Eliminates over-application of product.
- Consistent application rate increases efficiency on the job!

18V 2.0AH LI-ION BATTERY POWERED

Provides consistent pressure, saves time and energy!

SEALED and WATER RESISTANT BATTERY COMPARTMENT and SHROUD for internal protection from the elements.

DELUXE HARNESS with PADDED WAIST BELT provides all day comfort.

50" HEAVY-DUTY KINK-RESISTANT HOSE
No Kinking/No Damage.

PROFESSIONAL SHUT-OFF with COMFORT GRIP, LOCK & FILTER can be easily operated with all required PPE.

POLY-LINED STAINLESS STEEL WAND is stronger and more durable than brass.

VITON® SEALS resist harsh chemicals.

18V / 2.0Ah LITHIUM-ION BATTERY and 110V FAST CHARGER
(Included)

ERGONOMICALLY DESIGNED FOR THE HARSHES WORK ENVIRONMENTS.

INTELLIGENT PRESSURE SWITCH
Internal pressure switch automatically toggles between high and low to manage peak pressure at the low (1-3) and high (4-10) settings.

INTELLIGENT FLOW MONITORING
Automatically adjusts to maintain consistent output pressure and flow for any dial setting regardless of battery life.

Specifications

Empty Weight	16 Lbs
Tank Capacity	4 Gallons
Wand	21" Poly-Lined SS
Hose Length	50" Kink-Resistant
Quick Change Tips	7 Included
Pallet Quantity	20

Compatible with Popular Formulations

Flow Rate	0.1 TO 0.6 GPM
Pressure Range	2 TO 90 PSI
Spray Distance	UP TO 34 FEET
Spray Height	UP TO 35 FEET
Spray Duration Per Charge	UP TO 4 HOURS
Spray Volume Per Charge	50 GALLONS

Optional Accessories

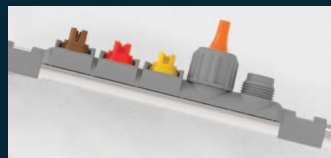

18V Li-ion Battery Pack, 2.0 Ah	No. 183612
18V Li-ion Battery Pack, 4.0 Ah	No. 183613
18V Li-ion Fast Charger, 110V input	No. 183614
18V Li-ion Compact Charger, 12V input	No. 183615
18V Li-ion Vehicle Charger, 12V input	No. 183831

CAP WAND GROOVE FOR TIGHTENING & LOOSENING

LED BATTERY LIFE INDICATOR

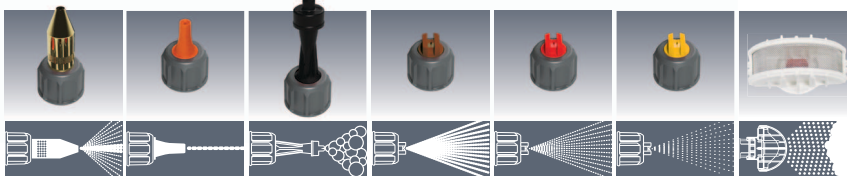

NOZZLE STORAGE CLIP

NICKEL-PLATED BRASS SWIVEL HOSE CONNECTION

7 SPRAYING NOZZLES

- ADJUSTABLE BRASS**
Adjusts from solid stream to fine mist.
- JET STREAM**
Pinpoint stream for targeted applications from a distance.
- FOAMING**
Creates a life foam to improve weed killing performance and track where you spray.
- HIGH VOLUME WIDE FAN (Brown)**
Flat spray for very broad coverage and higher viscosity liquids.
- LOW VOLUME WIDE FAN (Red)**
Flat spray for broader coverage.
- LOW VOLUME NARROW FAN (Yellow)**
Flat spray for precision spraying.
- HIGH VOLUME FOAMING**
Broad foam coverage for horizontal and vertical surfaces.
